action on which HAPGC suspects the family or family member has engaged in criminal activity or violent behavior.

The extent of the criminal record search depends on the residence of the applicant for the past three (3) years. The HAPGC offers all tenant-based voucher applicants the opportunity to be placed on any open waiting list at the time of lottery. In accordance with HUD requirements as applicable, HAPGC maintains certain preference categories to determine the selection of families to the Housing Choice Voucher Program. Local preferences will be used to select families from the waiting list. When funding is available, families will be selected from the waiting list in their determined sequence based on a computerized lottery selection within individual local preference categories, regardless of family size and subject to income targeting requirements. HAPGC describes its policy in more detail in Chapters 4 and 17 of the HCV Administrative Plan. The HAPGC has established and manages separate waiting lists for individual projects or buildings that are receiving PBV assistance.

6.0 – 8 SAFETY AND CRIME PREVENTION

There are needs for measures to ensure the safety of public housing residents because of observed lower-level crime, vandalism and/or graffiti in or around public housing properties.

Information/data used by HAPGC to determine the need for actions to improve safety of residents include:

- Resident Advisory Board (RAB) meetings
- Resident Council meetings
- Analysis of crime statistics over time for crimes committed “in and around” public housing authority
- Resident reports
- PHA employee reports
- Police reports
- Demonstrable, quantifiable success with previous or ongoing anticrime/anti-drug programs

Crime prevention activities to be undertaken by the Housing Authority for the upcoming fiscal year include:

- Activities targeted to at-risk youth.
- Upgrade existing electronic surveillance cameras at both high-rise properties and install new systems at family sites.
- Improve property lighting with LED fixtures.

In addition, crime prevention workshops may be performed by the County’s Community Police at each of the developments. Uniformed law enforcement officers now live at the following properties: Kimberly Gardens, Marlborough Towne, 1100 Owens Road, and Cottage City Towers. Law enforcement officers have established a presence that has helped to curb lease violations related to criminal activity. The agency due to

Coordination between HAPGC and Prince George’s County Police Department for carrying out crime prevention measures and activities are as follows:

- Police provide crime reports when requested data to housing authority staff for analysis and action
- Law enforcement officers have established a physical presence on housing authority property (e.g., community policing office, officer in residence)
- Police availability to meet with the HAPGC management and residents upon request.

Currently, the Housing Authority is addressing crime and prevention problems at any of its public housing properties.

RAD – Conversion of Public Housing to Project Based Voucher (Section 8) Housing and requirements under all RAD Revision Notice(s).

The Housing Authority of Prince George’s County Public Housing & Modernization Plan

**Rental Assistance Demonstration Program and Project Based Voucher Conversion
Public Housing Conversion to PBV**

The Housing Authority of Prince George’s County (HAPGC) is outlined in the 2022 Annual Plan and in amending its 5-year 2023-2028 Agency Plan because it was a successful applicant in the Rental Assistance Demonstration (RAD). As a result, the HAPGC will be converting to Project Based Vouchers under the guidelines of H 2019-32/PIH 2019-32, REV-4 and any successor Notices. Upon conversion to Project Based Vouchers the Authority will adopt the resident rights, participation, waiting list and grievance procedures listed in (PBV Conversions: Section 1.6 of H 2019-32/PIH 2019-32, REV-4; and H-2016-17/PIH-2016- 17). These resident rights, participation, waiting list and grievance procedures are appended to this Attachment. Additionally, the HAPGC certifies that it is currently compliant with all fair housing and civil rights requirements, including those imposed by any remedial orders or agreements, namely HAPGC’s Voluntary Compliance Agreement VCA:03-18-R001-4/D executed on May 6, 2020.

RAD was designed by HUD to assist in addressing the capital needs of public housing by providing the HAPGC with access to private sources of capital to repair and preserve affordable housing assets. Please be aware that upon conversion, the Authority’s Capital Fund Budget will be reduced by the pro rata share of Public Housing Developments converted as part of the Demonstration, and that HAPGC may also borrow funds to address their capital needs. The HAPGC will also be contributing Operating Reserves in an amount to be determined and Capital Funds in an amount to be determined toward the conversion.

HAPGC certifies that in the below table outlining development and RAD conversion activities that HAPGC has provided an estimate of the amount of the current Capital Fund grant that is associated with each of the five developments and proposed project(s) and it will have an impact on the PHA’s current Five-Year PHA Plan and Five-Year Capital Fund Action Plan. Where applicable, HAPGC will use CF funds for conversion activities as allowable and applicable for predevelopment activities

Therefore, HAPGC will not contribute Operating Reserves, Capital Funds in the amount of \$XXX towards the conversion, and Replacement Housing Factor (RHF) Funds is not applicable. The HAPGC currently has paid off its debt under the Capital Fund Financing Program and there are no outstanding debt issues

On May 12, 2021, a Commitment to Enter into Housing Assistance Payment (CHAP was received on the following properties 1) Marlborough Towne, 2) Kimberly Gardens, 3) Rollingcrest Villagel and a portfolio award for 4) Owens Road, and 5) Cottage City.

HAPGC plans to submit a RAD application for all properties as of April 2023, with the exception of Owens road and will work on additional development activities related to RAD and other financing options as needed for gap financing.

Rental Assistance Demonstration Program and Section 18 Blending or Section 18 Demolition/Disposition

HAPGC is currently planning and implementing their repositioning strategies of converting their public housing units through one or a combination of HUDs repositioning conversion tools. HAPGC has applied for RAD and has successfully received CHAPS and a portfolio award. Simultaneously, HAPGC will explore blending Section 18 with RAD and/or will apply for Section 18 Demolition/ Disposition. As encouraged by HUD, HAPGC conducted and continues to refine an asset repositioning analysis to ensure the agency is best serving the residents and the community. As part of the RAD strategy, sites with an approved CHAP will have vacant units taken offline including Cottage City, Rollingcrest Village, Kimberly Gardens, Marlborough Towne and Owens Road. HAPGC will be coordinating and obtaining the input of various stakeholders throughout the asset repositioning analysis. The capital needs assessment vendor has been engaged and the initial drafts are under review. As an outcome of this analysis, HAPGC will develop an implementation strategy that best optimizes the use of HUD's repositioning tools and understand options as to any GAP funding required and to assist in prioritizing the properties to convert. In addition, this asset repositioning analysis is examining public and private partnerships that will preserve and stabilize affordable housing for the HAPGC over the long term.

Based on the comprehensive assessment recommendations and findings, HAPGC has determined that they will demolish units to allow for new construction of units through the RAD program. This will require FHEO approval for any sites identified, as the units are in an areas of minority concentration. As any planned demolition or disposition is undertaken, HAPGC will seek to replace the units in the same communities as long as the neighborhood is below city/county average poverty rates, are potentially in an area of opportunity, and/or the long term residents of the units are satisfied connected with the neighborhood, or developments that are part of Prince George's County Consolidated Plan on affordable housing. The objective is to provide quality and safe housing that operates efficiently and effectively for our residents. Multiple approaches are being evaluated to continue to deliver quality sustainable housing units and to pursue the perseveration of sustainable affordable housing units that provide choice and opportunity for Prince George County's residents. To accomplish this objective and after due diligence, concepts such as acquisition/rehabilitation, new construction for replacement units as well as conversion of rental single-family homes to homeownership and review of other funding programs are being considered and implemented. Some of these options are discussed throughout this Agency plan.

Certification of Section 5.2 of the RAD Fair Housing, Civil Rights, and Relocation Notice Site & Neighborhood Standard Certification

'HAPGC asserts that it will meet the requirements of Section 5.2 of the RAD Fair Housing, Civil Rights, and Relocation Notice (Notice H 2016-17/PIH 2016-17 (HA)) certifying that HAPGC's RAD conversion complies with all applicable site selection and neighborhood reviews and that all appropriate procedures are followed in the conversion process.

HAPGC certifies to the following:

- 1) The RAD conversion will comply with the applicable site and neighborhood selection requirements and HAPGC will maintain records of its analysis and the data relied upon in making its determination of compliance.*

- 2) All RAD conversion sites are “suitable from the standpoint of facilitating and furthering full compliance with the applicable provisions of Title VI of the Civil Rights Act of 1964, Title VIII of the Civil Rights Act of 1968, Executive Order 11063, and HUD regulations issued pursuant thereto.”
- 3) Site and Neighborhood standards are “suitable from the standpoint of facilitating and furthering full compliance with” the Fair Housing Act and require the site to meet the Section 504 site selection requirements described in 24 C.F.R. § 8.4(b)(5).
- 4) HAPGC asserts if the redevelopment of any HAPGC conversion properties may result in Transferring Assistance, applicable site selection and neighborhood review standards (as outlined in PIH-2012-32 (HA), REV-2 Attachment 1D, Table 2) will be appended no later than when submitting the Financing Plan.

Relocation Plans

HAPGC asserts if the RAD conversion may relocate residents temporarily or permanently. If so, relocation plans consistent with the Accessibility and Relocation Checklist will be submitted with the Financing Plan.

Tenant Protections Under Section 1.6.D (PBV) or Section 1.7.C (PBRA)	
1. Establishment of Waiting List	1. Establishment of Waiting List
2. Choice-Mobility	2. Choice-Mobility

By way of summary and not as a modification of the program requirements set forth in the Notice provisions referenced, please note that the foregoing tenant protections for RAD PBV residents apply to non-RAD PBV residents of the same Covered Project with the exception of Choice Mobility. Standard PBV Choice Mobility requirements apply to non-RAD PBV residents.

C. PBV Resident Rights and Participation.

1. No Re-screening of Tenants upon Conversion. Pursuant to the RAD statute, at conversion, current households are not subject to rescreening, income eligibility, or income targeting. Consequently, current households will be grandfathered for conditions that occurred prior to conversion but will be subject to any ongoing eligibility requirements for actions that occur after conversion. For example, a unit with a household that was over-income at time of conversion would continue to be treated as an assisted unit. Thus, 24 CFR § 982.201, concerning eligibility and targeting, will not apply for current households. Once that remaining household moves out, the unit must be leased to an eligible family. MTW agencies may not alter this requirement.

2. Right to Return. See section 1.4.A.4(b) regarding a resident’s right to return.

Section 1.4.A.5.ii., “**Right to Return.** Any resident that may need to temporarily be relocated to facilitate rehabilitation or construction has a right to return to an assisted unit at the Covered Project once rehabilitation or construction is completed. Permanent involuntary displacement of residents may not occur as a result of a project’s conversion of assistance, including, but not limited to, as a result of a change in bedroom distribution, a de minimis reduction of units, the reconfiguration of efficiency apartments, or the repurposing of dwelling units in order to facilitate social service delivery. Where the transfer of assistance to a new site is warranted and approved ..., residents of the Converting Project will have the right to reside in an assisted unit at the new site once rehabilitation or construction is complete. For more information on how to implement these provisions see the RAD Relocation Notice.”

3. Renewal of Lease. Since publication of the PIH Notice 2012-32 Rev 1, the regulations under 24 CFR § 983.257(b)(3) have been amended requiring Project Owners to renew all leases upon lease expiration, unless cause exists. MTW agencies may not alter this requirement.

4. Phase-in of Tenant Rent Increases. If a tenant’s monthly rent increases by more than the greater of 10 percent or \$25 purely as a result of conversion, the rent increase will be phased in over 3 or 5 years. To implement this provision, HUD is specifying alternative requirements for section 3(a)(1) of the Act, as well as 24 CFR § 983.3 (definition of “total tenant payment” (TTP)) to the extent necessary to allow for the phase-in of tenant rent increases. A PHA must create a policy setting the length of the phase in period at three years, five years or a combination depending on circumstances. For example, a PHA may create a policy that uses a three-year phase- in for smaller increases in rent and a five-year phase-in for larger increases in rent. This policy must be in place at conversion and may not be modified after conversion.

The method described below explains the set percentage-based phase-in a Project Owner must follow according to the phase-in period established. For purposes of this section “standard TTP” refers to the TTP calculated in accordance with regulations at 24 CFR §5.628 and the “most recently paid TTP” refers to the TTP recorded on line 9j of the family’s most recent HUD Form 50058. If a family in a project converting from Public Housing to PBV was paying a flat rent immediately prior to conversion, the PHA should use the flat rent amount to calculate the phase-in amount for Year 1, as illustrated below.

Three Year Phase-in:

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recently paid TTP or flat rent and the standard TTP
- Year 2: Year 2 Annual Recertification (AR) and any Interim Recertification (IR) prior to Year 3 AR – 66% of difference between most recently paid TTP and the standard TTP
- Year 3: Year 3 AR and all subsequent recertifications – Full standard TTP

Five Year Phase in:

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 20% of difference between most recently paid TTP or flat rent and the standard TTP
- Year 2: Year 2 AR and any IR prior to Year 3 AR – 40% of difference between most recently paid TTP and the standard TTP
- Year 3: Year 3 AR and any IR prior to Year 4 AR – 60% of difference between most recently paid TTP and the standard TTP
- Year 4: Year 4 AR and any IR prior to Year 5 AR – 80% of difference between most recently paid TTP and the standard TTP
- Year 5 AR and all subsequent recertifications – Full standard TTP

Please Note: In either the three-year phase-in or the five-year phase-in, once the standard TTP is equal to or less than the previous TTP, the phase-in ends and tenants will pay full TTP from that point forward. MTW agencies may not alter this requirement.

5. Family Self Sufficiency (FSS) and Resident Opportunities and Self Sufficiency Service Coordinator (ROSS-SC) programs. Public Housing residents that are current FSS participants will continue to be eligible for FSS once their housing is converted under RAD, and PHAs will be allowed to use any remaining PH FSS funds, to serve those FSS participants who live in units converted by RAD. Due to the program merger between PH FSS and HCV FSS that took place pursuant to the FY14 Appropriations Act (and was continued in the FY15 Appropriations Act), no special provisions are required to continue serving FSS participants that live in public housing units converting to PBV under RAD.

However, PHAs should note that there are certain FSS requirements (e.g. escrow calculation and escrow forfeitures) that apply differently depending on whether the FSS participant is a participant under the HCV program or a public housing resident, and PHAs must follow such requirements accordingly. All PHAs will be required to administer the FSS program in accordance with FSS regulations at 24 CFR Part 984, the participants’ contracts of participation, and the alternative requirements established in the “Waivers and Alternative Requirements for the FSS Program” Federal Register notice, published on December 29, 2014, at 79 FR 78100.25 Further, upon conversion to PBV, already escrowed funds for FSS participants shall be transferred into the HCV escrow account and be considered TBRA funds, thus reverting to the HAP account if forfeited by the FSS participant.

Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be

eligible to be counted towards the unit count for future ROSS-SC grants, nor will its residents be eligible to be served by future ROSS-SC grants, which, by statute, can only serve public housing residents.

6. Resident Participation and Funding. In accordance with Attachment 1B, residents of Covered Projects with converted PBV assistance will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding.

7. Resident Procedural Rights. The following items must be incorporated into both the Section 8 Administrative Plan and the Project Owner's lease, which includes the required tenancy addendum, as appropriate. Evidence of such incorporation may be requested by HUD for purposes of monitoring the program.

i. Termination Notification. HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public housing projects that convert assistance under RAD. In addition to the regulations at 24 CFR § 983.257 related to Project Owner termination of tenancy and eviction (which MTW agencies may not alter) the termination procedure for RAD conversions to PBV will require that PHAs provide adequate written notice of termination of the lease which shall not be less than:

a. A reasonable period of time, but not to exceed 30 days:

i. If the health or safety of other tenants, PHA employees, or persons residing in the immediate vicinity of the premises is threatened; or

ii. In the event of any drug-related or violent criminal activity or any felony conviction;

b. 14 days in the case of nonpayment of rent; and

c. 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.

ii. Grievance Process. Pursuant to requirements in the RAD Statute, HUD is establishing additional procedural rights to comply with section 6 of the Act.

For issues related to tenancy and termination of assistance, PBV program rules require the Project Owner to provide an opportunity for an informal hearing, as outlined in 24 CFR § 982.555. RAD will specify alternative requirements for 24 CFR § 982.555(b) in part, which outlines when informal hearings are not required, to require that:

a. In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(vi),²⁶ an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a Project Owner action in accordance with the individual's lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident's rights, obligations, welfare, or status.

i. For any hearing required under 24 CFR § 982.555(a)(1)(i)-(vi), the contract administrator will perform the hearing, as is the current standard in the program. The hearing officer must be selected in accordance with 24 CFR § 982.555(e)(4)(i).

ii. For any additional hearings required under RAD, the Project Owner will perform the hearing.

b. There is no right to an informal hearing for class grievances or to disputes between residents not involving the Project Owner or contract administrator.

c. The Project Owner gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555(c)(1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555(a)(1)(i)-(vi).

d. The Project Owner provides opportunity for an informal hearing before an eviction.

8. Earned Income Disregard (EID). Tenants who are employed and are currently receiving the EID exclusion at the time of conversion will continue to receive the EID after conversion, in accordance with regulations at 24 CFR § 5.617. Upon the expiration of the EID for such families, the rent adjustment shall not be subject to rent phase-in, as described in Section 1.6.C.4; instead, the rent will automatically rise to the appropriate rent level based upon tenant income at that time.

Under the Housing Choice Voucher program, the EID exclusion is limited only to persons with disabilities (24 CFR § 5.617(b)). In order to allow all tenants (including non-disabled persons)

who are employed and currently receiving the EID at the time of conversion to continue to benefit from this exclusion in the PBV project, the provision in section 5.617(b) limiting EID to disabled persons is waived. The waiver, and resulting alternative requirement, apply only to tenants receiving the EID at the time of conversion. No other tenant (e.g., tenants who at one time received the EID but are not receiving the EID exclusion at the time of conversion e.g., due to loss of employment; tenants that move into the property following conversion, etc.) is covered by this waiver.

9. Jobs Plus. Jobs Plus grantees awarded FY14 and future funds that convert the Jobs Plus target projects(s) under RAD will be able to finish out their Jobs Plus period of performance at that site unless significant re-location and/or change in building occupancy is planned. If either is planned at the Jobs Plus target project(s), HUD may allow for a modification of the Jobs Plus work plan or may, at the Secretary's discretion, choose to end the Jobs Plus program at that project.

10. When Total Tenant Payment Exceeds Gross Rent. Under normal PBV rules, the PHA may only select an occupied unit to be included under the PBV HAP contract if the unit's occupants are eligible for housing assistance payments (24 CFR §983.53(d)). Also, a PHA must remove a unit from the contract when no assistance has been paid for 180 days because the family's TTP has risen to a level that is equal to or greater than the contract rent, plus any utility allowance, for the unit (i.e., the Gross Rent)) (24 CFR §983.258). Since the rent limitation under this Section of the Notice may often result in a family's TTP equaling or exceeding the gross rent for the unit, for current residents (i.e. residents living in the public housing property prior to conversion), HUD is waiving both of these provisions and requiring that the unit for such families be placed on and/or remain under the HAP contract when TTP equals or exceeds than the Gross Rent. Further, HUD is establishing the alternative requirement that the rent to owner for the unit equal the family's TTP until such time that the family is eligible for a housing assistance payment. HUD is waiving as necessary to implement this alternative provision, the provisions of Section 8(o)(13)(H) of the Act and the implementing regulations at 24 CFR 983.301 as modified by Section 1.6.B.5 of this Notice.²⁷ In such cases, the resident is considered a participant under the program and all of the family obligations and protections under RAD and PBV apply to the resident. Likewise, all requirements with respect to the unit, such as compliance with the HQS requirements, apply as long as the unit is under HAP contract. Assistance may subsequently be reinstated if the tenant becomes eligible for assistance. The PHA is required to process these individuals through the Form- 50058 submodule in PIC.

Following conversion, 24 CFR §983.53(d) applies, and any new families referred to the RAD PBV project must be initially eligible for a HAP payment at admission to the program, which means their TTP may not exceed the gross rent for the unit at that time. Further, a PHA must remove a unit from the contract when no assistance has been paid for 180 days. If units are removed from the HAP contract because a new admission's TTP comes to equal or exceed the gross rent for the unit and if the project is fully assisted, HUD is imposing an alternative requirement that the PHA must reinstate the unit after the family has vacated the property; and, if the project is partially assisted, the PHA may substitute a different unit for the unit on the HAP contract in accordance with 24 CFR §983.207 or, where "floating" units have been permitted, Section 1.6.B.10 of this Notice.

11. Under-Occupied Unit. If a family is in an under-occupied unit under 24 CFR 983.259 at the time of conversion, the family may remain in this unit until an appropriate-sized unit becomes available in the Covered Project. When an appropriate sized unit becomes available in the Covered Project, the family living in the under- occupied unit must move to the appropriate-sized unit within a reasonable period of time, as determined by the administering Voucher Agency. In order to allow the family to remain in the under-occupied unit until an appropriate-sized unit becomes available in the Covered Project, 24 CFR 983.259 is waived. MTW agencies may not modify this requirement.

D. PBV: Other Miscellaneous Provisions

1. Access to Records, Including Requests for Information Related to Evaluation of Demonstration. PHAs must agree to any reasonable HUD request for data to support program

evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work. Please see Appendix IV for reporting units in Form HUD-50058.

2. Additional Monitoring Requirement. The PHA's Board must approve the operating budget for the Covered Project annually in accordance with HUD requirements.²⁸

3. Davis-Bacon Act and Section 3 of the Housing and Urban Development Act of 1968 (Section 3). This section has been moved to 1.4.A.13 and 1.4.A.14.

"13. Davis-Bacon prevailing wages. The Davis-Bacon prevailing wage requirements (prevailing wages, the Contract Work Hours and Safety Standards Act, and other related regulations, rules, and requirements) apply to all initial repairs and new construction that are identified in the Financing Plan to the extent that such repairs or construction qualify as development. "Development," as applied to work subject to Davis-Bacon requirements on Section 8 projects, encompasses work that constitutes remodeling that alters the nature or type of housing units in a PBV or PBRA project, reconstruction, or a substantial improvement in the quality or kind of original equipment and materials, and is initiated within 18 months of the HAP contract. Development activity does not include replacement of equipment and materials rendered unsatisfactory because of normal wear and tear by items of substantially the same kind. Davis-Bacon requirements apply only to projects with nine or more assisted units.

14. Section 3 of the Housing and Urban Development Act of 1968 (Section 3). Section 3 (24 CFR Part 135) applies to all initial repairs and new constructions that are identified in the Financing Plan to the extent that such repairs qualify as construction or rehabilitation. In addition, Section 3 may apply to the project after conversion based on the receipt of the use of federal financial assistance for rehabilitation activities."

4. Establishment of Waiting List. 24 CFR § 983.251 sets out PBV program requirements related to establishing and maintaining a voucher-wide, PBV program-wide, or site-based waiting list from which residents for the Covered Project will be admitted. These provisions will apply unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies. The PHA shall consider the best means to transition applicants from the current public housing waiting list, including:

i. Transferring an existing site-based waiting list to a new site-based waiting list. If the PHA is transferring the assistance to another neighborhood, the PHA must notify applicants on the wait-list of the transfer of assistance, and on how they can apply for residency at the new project site or other sites. Applicants on a project-specific waiting list for a project where the assistance is being transferred shall have priority on the newly formed waiting list for the new project site in accordance with the date and time of their application to the original project's waiting list.

ii. Informing applicants on the site-based waiting list on how to apply for a PBV program-wide or HCV program-wide waiting list.

iii. Informing applicants on a public housing community-wide waiting list on how to apply for a voucher-wide, PBV program-wide, or site-based waiting list. If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 903.7(b)(2)(ii)-(iv) to ensure that applicants on the PHA's public housing community-wide waiting list have been offered placement on the converted project's initial waiting list. In all cases, PHAs have the discretion to determine the most appropriate means of informing applicants on the public housing community-wide waiting list given the number of applicants, PHA resources, and admissions requirements of the projects being converted under RAD. A PHA may consider contacting every applicant on the public housing waiting list via direct mailing; advertising the availability of housing to the population that is less likely to apply, both minority and non-minority groups, through various forms of media (e.g., radio stations, posters, newspapers) within the marketing area; informing local non-profit entities and advocacy groups (e.g., disability rights groups); and conducting other outreach as appropriate. Applicants on the agency's public housing community-wide waiting list who wish to be placed onto the newly-established site-based waiting list must be done so in accordance with the date and time of their original application to the centralized public housing waiting list. Any activities to contact applicants on the public housing waiting list must be conducted in accordance with the requirements for effective communication

with persons with disabilities at 24 CFR § 8.6 and with the obligation to provide meaningful access for persons with limited English proficiency (LEP).²⁹

A PHA must maintain any site-based waiting list in accordance with all applicable civil rights and fair housing laws and regulations unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 983.251(c)(2). However, after the initial waiting list has been established, the PHA shall administer its waiting list for the converted project in accordance with 24 CFR § 983.251(c).

5. Mandatory Insurance Coverage. The Covered Project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed project property.

6. Agreement Waiver. This section has been moved to 1.6.(B)(7).

“8. Agreement Waiver and RAD Rehab Assistance Payments. For public housing conversions to PBV there will be no Agreement to Enter into a Housing Assistance Payments (AHAP) contract. Therefore, all regulatory references to the AHAP, including regulations under 24 CFR § 983 subpart D are waived. Instead, the PHA and Project Owner will enter into a HAP contract before construction begins. HAPGC acknowledges that it will take units offline for all RAD sites with an approved CHAP as part of the RAD conversion process. Funding during construction will be provided on the following terms: that are not occupied at any point during the initial repairs as a result of rehabilitation or construction as identified in the approved Financing Plan and RAD Conversion Commitment may be eligible, subject to the conditions below, for Rehab Assistance Payments equal to the Public Housing Operating Fund and the Capital Fund amounts that formed the basis for the calculation of initial contract rents (see Attachment 1C). During the period of rehabilitation or construction as identified in the HAP Contract, the maximum number of units for which a Project Owner can receive RAD Rehab Assistance Payments is limited to the number of units eligible for Operating Fund subsidy prior to conversion (which is typically associated with the occupied units). As a result, some units in the Converted Property may not be eligible for Rehab Assistance Payments.

Following the earlier of the end of the construction period identified in the HUD-approved Financing Plan or actual construction, the PHA will no longer be eligible to receive RAD Rehab Assistance Payments, and all units under contract will be eligible for payment only for occupied units or for vacancy payments, as applicable. MTW agencies may not alter this requirement.”

7. Future Refinancing. Project Owners must receive HUD approval for any refinancing or restructuring of permanent debt during the HAP contract term, to ensure the financing is consistent with long-term preservation. (Current lenders and investors are also likely to require review and approval of refinancing of the primary permanent debt.)

8. Administrative Fees for Public Housing Conversions during Transition Period. For the remainder of the Calendar Year in which the HAP Contract is effective (i.e. “transition period”), RAD PBV projects will be funded with public housing funds. For example, if the project’s assistance converts effective July 1, 2015, the public housing Annual Contributions Contract (ACC) between the PHA and HUD will be amended to reflect the number of units under HAP contract, but will be for zero dollars, and the RAD PBV contract will be funded with public housing money for July through December 2015. Since TBRA is not the source of funds, PHAs should not report leasing and expenses into VMS during this period, and PHAs will not receive section 8 administrative fee funding for converted units during this time.

For fiscal years 2014 and 2015, PHAs operating HCV program received administrative fees for units under a HAP contract, consistent with recent appropriation act references to "section 8(q) of the [United States Housing Act of 1937] and related appropriations act provisions in effect immediately before the Quality Housing and Responsibility Act of 1998" and 24 CFR § 982.152(b). During the transition period mentioned in the preceding paragraph, these provisions are waived, and PHAs will not receive section 8 ongoing administrative fees for PBV RAD units.

After this transition period, the section 8 ACC will be amended to include section 8 funding that corresponds to the units covered by the section 8 ACC. At that time, the regular section 8 administrative fee funding provisions will apply.

9. Choice-Mobility. One of the key features of the PBV program is the mobility component, which provides that if the family has elected to terminate the assisted lease at any time after the first year of occupancy in accordance with program requirements, the PHA must offer the family the opportunity for continued tenant- based rental assistance, in the form of either assistance under the voucher program or other comparable tenant-based rental assistance.

If as a result of participation in RAD a significant percentage of the PHA's HCV program becomes PBV assistance, it is possible for most or all of a PHA's turnover vouchers to be used to assist those RAD PBV families who wish to exercise mobility. While HUD is committed to ensuring mobility remains a cornerstone of RAD policy, HUD recognizes that it remains important for the PHA to still be able to use tenant- based vouchers to address the specific housing needs and priorities of the community. Therefore, HUD is establishing an alternative requirement for PHAs where, as a result of RAD, the total number of PBV units (including RAD PBV units) under HAP contract administered by the PHA exceeds 20 percent of the PHA's authorized units under its HCV ACC with HUD.

The alternative mobility policy provides that an eligible voucher agency would not be required to provide more than three-quarters of its turnover vouchers in any single year to the residents of Covered Projects. While a voucher agency is not required to establish a voucher inventory turnover cap, if such a cap is implemented, the voucher agency must create and maintain a waiting list in the order in which the requests from eligible households were received. In order to adopt this provision, this alternative mobility policy must be included in an eligible PHA's administrative plan.

To effectuate this provision, HUD is providing an alternative requirement to Section 8(o)(13)(E) and 24 CFR part 983.261(c). Please note that this alternative requirement does not apply to PBVs entered into outside of the context of RAD. MTW agencies may not alter this requirement.

10. Reserve for Replacement. The Project Owner shall establish and maintain a replacement reserve in an interest-bearing account to aid in funding extraordinary maintenance and repair and replacement of capital items in accordance with applicable regulations. The reserve must be built up to and maintained at a level determined by HUD to be sufficient to meet projected requirements. For FHA transactions, Replacement Reserves shall be maintained in accordance with the FHA Regulatory Agreement. For all other transactions, Replacement Reserves shall be maintained in a bank account covered under a General Depository Agreement (HUD- 51999) or similar instrument, as approved by HUD, where funds will be held by the Project Owner or mortgagee and may be drawn from the reserve account and used subject to HUD guidelines and as directed by HUD.

Significant Amendment Definition

As part of the Rental Assistance Demonstration (RAD), The Housing Authority of Prince George's County is redefining the definition of a substantial deviation from the HAPGC Plan to exclude the following RAD-specific items:

- a. The decision to convert to either Project Based Rental Assistance, Project Based Voucher Assistance and/or RAD Section 18 demolition/disposition and/or Section 18 Blend;
- b. Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless

- of whether the proposed conversion will include use of additional Capital Funds;
- c. Changes to the construction and rehabilitation plan for each approved RAD conversion; and
- d. Changes to the financing structure for each approved RAD conversion.

Attachment 1E - House Rules: Addendum

A – Resident Procedural Rights

The information provided below must be included as part of the House Rules for the associated project and evidence of such incorporation may be requested by HUD for purposes of monitoring the program.

- a. Termination Notification.** HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public housing projects converting assistance under RAD, that supplement notification requirements in regulations at 24 CFR § 880.607 and the Multifamily HUD Model Lease.
 - i. Termination of Tenancy and Assistance.** The termination procedure for RAD conversions to PBRA will additionally require that Project Owners provide adequate written notice of termination of the lease which shall not be less than:
 - 1.** A reasonable period of time, but not to exceed 30 days:
 - a.** If the health or safety of other tenants, Project Owner employees, or persons residing in the immediate vicinity of the premises is threatened; or
 - b.** In the event of any drug-related or violent criminal activity or any felony conviction; or
 - 2.** Not less than 14 days in the case of nonpayment of rent; and
 - 3.** Not less than 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.
 - ii. Termination of Assistance.** In all other cases, the requirements at 24 CFR § 880.603, the Multifamily HUD Model Lease, and any other HUD multifamily administrative guidance shall apply.
- b. Grievance Process.** In addition to program rules that require that tenants are given notice of covered actions under 24 CFR Part 245 (including increases in rent, conversions of a project from project-paid utilities to tenant-paid utilities, or a reduction

in tenant paid utility allowances), HUD is incorporating resident procedural rights to comply with the requirements of section 6 of the Act. RAD will require that:

- i. Residents be provided with written notice of the specific grounds of the Project Owner's proposed adverse action, as well as their right to an informal hearing with the Project Owner;
- ii. Residents will have an opportunity for an informal hearing with an impartial member of the Project Owner's staff within a reasonable period of time;
- iii. Residents will have the opportunity to be represented by another person of their choice, to ask questions of witnesses, have others make statements at the hearing, and to examine any regulations and any evidence relied upon by the Project

RAD DISCUSSION WITH RESIDENTS

Demolition and/or Disposition:

McGuire House – Disposition and Re-Development

In 2006, the Housing Authority of Prince George's County (HAPGC) petitioned the U. S. Department of Housing and Urban Development (HUD) for the approval to demolish and dispose of the property known as McGuire House. HUD approved a two-part application to demolish and dispose of the property, with a proposal by HAPGC to demolish the site by 2008.

As part of the redevelopment plan for the vacant site (i.e., 1313 Southern Ave., Oxon Hill, MD) the Housing Authority released a request for proposal and selected a Co-developer, after a detailed and objective review process.

This development team has aggressively moved forward with the development of a 163-unit multifamily/mixed-income dwelling for families and individuals aged 62 and above. A total of 163 non-ACC rental units to be developed, with 90% of the units (147) restricted to households at or below 60% of AMI and 10% of the units (16) at market rate, the project is titled Homes at Oxon Hill.

A Building Permit package was submitted to The Prince George's County Department of Permitting, Inspections and Enforcement (DPIE) May 2021 . Upon approval of Building Permit and a financial closing in November 2021, work has commenced as of January 03, 2022 The completion date is planned for Fall 2023.

Public Housing Homeownership Program

Public Housing Turnkey III Program

HAPGC does administer homeownership programs under an approved section 5(h) homeownership program (42 U.S.C. 1437c (h)). Glassmanor Townhouses is a fifty-unit complex where residents rent with an option to purchase. A portion of each month's rent payment is allocated to a down payment reserve and a maintenance reserve replacement. In FY 2022, the Authority plans to facilitate to sell the last unit to an eligible applicant. Permission has been requested to sell the unit out right instead of the five-year lease/to purchase Turnkey III Program requirements. This will complete the conversion of the project to full homeownership. When a simple majority of the units were converted to homeownership, the Authority turned the management of the property over to the condominium for asset management operations.

Housing Choice Voucher

Housing Choice Voucher Homeownership Program

The Authority also administers a Housing Choice Voucher Homeownership program pursuant to 24 CFR 982.625-982.643.

The program is designed to assist HCV participants in good standing with the Housing Authority with transitioning from rental assistance to homeownership assistance. The participant must be a first-time homebuyer (i.e., not have owned a home during the past three (3) years), must satisfy a minimum requirement of \$30,000 annual gross earned income, and must have a minimum credit score of 620. (There is no minimum earned income requirement for the elderly and/or disabled).

In FYE 2021, the Housing Choice Voucher Homeownership Program (HCVHP) successfully assisted ten (10) families to become first-time homebuyers. Effective as of November 1, 2021, HAPGC utilizes 72 Homeownership vouchers. The goal for FYE 2022/2023 is to assist twenty (20) additional families to become first-time homebuyers and expand the available inventory for homeownership options within HAPGC's portfolio.

Project-Based Vouchers

In total, the HAPGC serves approximately 5832 Housing Choice Vouchers including port out(s). Of the total amount of voucher allocations, the Authority administers Project Based Housing Choice Voucher that assist approximately 175 participants during FY 2023. In addition, approximately 174 vouchers administered under the Moderate Rehabilitation Program are no longer part of HAPGC's portfolio. As of December 1, 2023, a request for proposal been issued for an additional allocation of project based vouchers during the 2023 fiscal year. The Housing Authority of Prince George's County (HAPGC) may make available up to Sixty Nine (69) UFAS Project-Based Housing Choice Vouchers (PBV) to support the preservation or creation of

affordable housing opportunities for disabled low and moderate income families in Prince George's County. PBVs may be awarded to an existing, new construction project or a rehabilitation multi-family project. Additionally, HAPGC may utilize 110 vouchers for PBV specifically for special programs. The Housing authority plans to allocate 100 PBV vouchers for families off our PBV waiting list that are either homeless, rent burdened or disabled. The remaining 10 are for senior veterans in the VASH program. HAPGC will also utilize stability vouchers and/or foster youth vouchers to allocate toward PBV to the fullest extent allowed by HUD.

HAPGC PLANS TO UTILIZE and apply for various tax incentive allocations to create additional housing stock using HAPGC's allowable allocation of PBV vouchers. After completing an RFP selection process, the following developments are projected to be within the close process within FY 2023:

- Glenarden Hills Phase 3 (9% allocation for 44 units)
 - Glenarden Hills Phase 3 (4% allocation for 114 units)
- *Glenarden Phase 3 (9% tax credits)- 44 units total, and Glenarden Phase 3 (4% tax credits)- 114 units. Total projected units 158 units.*
- Woodyard Station Apartments projected number of units is 46.
 - Birchwood at Greenbelt total units is projected at 60 units.

FINAL

Strategy for Addressing Needs

A brief description of the Authority's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year, and the Agency's reasons for choosing this strategy.

Strategy 1. Maximize the number of affordable units available to the Public Housing Authority (PHA) within its current resources by:

- Employing effective maintenance and management policies to minimize the number of public housing units off-line;
- Reducing turnover time for vacated public housing units;
- Reducing time to renovate public housing units;
- Maintaining or increase Housing Choice Voucher Program lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction;
- Undertaking measures to ensure access to affordable housing among families assisted by HAPGC, regardless of unit size required;
- Maintaining or increasing HCV lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration;
- Maintaining or increasing HCV lease-up rates by effectively screening HCV applicants to increase owner acceptance of program;
- Participating in the Consolidated Plan development process to ensure coordination with broader community strategies.

Strategy 2: Increase the number of affordable housing units by:

- Applying for additional vouchers should they become available; and
- Pursuing housing development opportunities other than public housing or HCV tenant-based assistance.

Strategy 3: Target available assistance to families at or below 50% of AMI by:

- Employing admissions preferences aimed at families who are working;
- Adopting rent policies to support and encourage work; and
- Employing admissions for families displaced by government action.

Strategy 4: Target available assistance to the elderly by:

- Applying for special-purpose vouchers targeted to the elderly, should they become available.

Strategy 5: Target available assistance to Families with Disabilities by:

- Carrying out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing and structurally and financially feasible;
- Delivering a targeted number of ADA accessible units with accessibility features mandated by VCA and DRM Agreements.
- **Applying for special purpose vouchers targeted to the nonelderly and disabled should they become available(Mainstream);**
- Partner with the Department of Health and Human Services and Social Services to refer applicants for the elderly and disabled voucher; and
- HAPGC is engaged in increasing relationships with its longstanding partners with a variety of county agencies that address “special needs” populations including the Homeless, Mental Illness and Disabilities, Veterans Assistance Program, Violence Against Women Act, Veterans Affairs Supportive Housing. HAPGC will continue to expand housing opportunities for these groups through referrals from advocate groups and targeting of assistance groups in existing assisted housing programs. Case management by these advocates is an integral part of these housing opportunities. These advocates include the Department of Social Services, Veteran Affairs Medical Center, the Department of Family Services, and the Department of Behavioral Health.

Strategy 6: Conduct activities to affirmatively further fair housing by:

- Counseling Housing Choice Voucher tenants as to the location of units outside of areas of poverty or minority concentration and assist them to locate those units;
- Marketing the Housing Choice Voucher program to owners outside of areas of poverty /minority concentrations; and
- Market Housing Choice Voucher program to owners of housing for persons with disabilities.
- Increase the use of Project Based Vouchers to expand areas of opportunity and units availability.
- Reposition public housing in order to create additional accessible units.

Reasons for Selecting Strategies

The following factors play a major role on the influence of the Housing Authority's selection of the strategies it elected to pursue:

- Funding constraints
- Aging public housing inventory
- Repositioning of Public Housing Strategies
- Staffing constraints
- Extent to which particular housing needs are met by other organizations in the community
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Influence of the housing market on PHA programs
- Community priorities regarding housing assistance
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups

FY 2022 – ACCOMPLISHMENTS:

WAITING LIST:

There remain a large number of applicants on the combined waiting list. Applications are handled through the Central Intake Unit. The Public Housing, HCV, Project Based and Moderate Rehabilitation waiting lists have been aggressively pulled last and the current fiscal year to increase utilization and occupancy rates.

CAPITAL IMPROVEMENT:

The Housing Authority of Prince George's County made improvements to parking lot of the Housing Authority's 1100 Owens Road property. The improvements were required to improve access for elderly and disabled tenants of the property and were completed in 2009.

The improvements were financed by a loan from the proceeds of a Revenue Bond, issued by the State of Maryland's Community Development Administration. The loan is collateralized by the Housing Authority's Capital Fund Grant, with repayment based on future allocations of the Housing Authority's CFFP. The stated loan amount was \$1,249,327 with a maturity date of July 1, 2023.

The estimated balance of the loan at FYE 2019 is \$114,404 (principal: \$90000, Interest: \$24,404)

REAL ESTATE ASSESSMENT CENTER (REAC) SUBSYSTEMS

The Housing Authority received a PHAS Score of 18 for Fiscal Year 2022. The assessment was provided on 4/21/2023.

To obtain a Standard Performer status, a PHA must score at least 60 percent of the points available in each of the four indicators and achieve an overall PHAS score of 60 percent or greater.

SUPPORTIVE SERVICES

Resident Services

In FY 2023 the Housing Choice Voucher Homeownership Program (HCVHP) successfully assisted multiple families to become first-time homebuyers. The goal for FY 2023-2024 is to assist ten (10) families to become first-time homebuyers. The program is designed to assist HCV participants who meet certain income and work history requirements, with their transition from rental to homeownership.

Housing Choice Voucher

The Prince George's County Housing Choice Voucher Program final SEMAP Overall Score for the fiscal year ended June 30, 2019, is 97%. SEMAP designation for the overall performance rating is a *High Performer*. For FY 2022, HAPGC utilized the final waiver for Covid-19 for SEMAP. In FY 2023-24, HAPGC will have to complete SEMAP certification.

Due to Covid-19; the authority elected to carry over its score for FY 2020 and did not submit or complete SEMAP for FY 2020, 2021 or FY 2022 as waived under the CARES ACT waivers for the HCV program.

SUPPORTIVE SERVICES (FY 2023)

Several successful programs that helped families achieve self-sufficiency will continue and expand for the upcoming 2023 fiscal year and well into the five years of this plan. Selected programs/services are listed below:

PUBLIC HOUSING:

Plans to Execute HUD's Relocation Option(s)

The HAPGC completed its application to HUD's Special Application Center (SAC) to exercise the Rental Assistance Demonstration (RAD) Program as an option to convert its Public Housing Inventory. The HAPGC has solicited a personal services consultant to assist in the preparation of the SAC application. The HAPGC is currently in consultation with the Field Office in the evaluation process of preparing HUD's Special Applications Center (SAC) applications for disposition in accordance with the requirements of 24 CFR part 970 for each of the following properties:

- Marlborough Towne
- Kimberly Gardens
- Rollingcrest Villages
- Cottage City Towers
- Owens Road

The HAPGC has conducted due diligence, on various relocation strategies to develop a plan to move the HAPGC towards a housing portfolio transition. As part of the relocation strategy, HAPGC will take vacant units with a CHAP offline at all of the RAD properties. A Request For Qualifications (RFQ) has been issued for developers/co-developers with a specific scope for services. Effective as of December 2021, RFPs for developers/co-developers have only been issued for surplus land disposition not for relocation our housing portfolio. HAPGC engages We have consultants, but HAPGC is acting as the lead developer in relocation of public housing

The Authority will decide disposition criteria for each property on case-by case basis and provide narratives for each development, recommend & describe "phased" application methods and justifications; prepare cost analysis, confirm proper environmental clearances, and especially determine FMV disposition benefits.

On December 3, 2021 the Authority met, with the Resident Advisory Board (RAB), and resident organizations to provide a full description of the activities in connection with relocation; including relocation, potential use of each property, disposition proceeds and RAD conversion activities. The Housing Authority is addressing all comments and providing information on the development process and Resident rights during site and RAB meetings. All required notices regarding RAD conversions have been outlined in Section 7.0

HOUSING CHOICE VOUCHER:

HOUSING CHOICE VOUCHER HOMEOWNERSHIP PROGRAM

The Authority administers a Section Homeownership Program pursuant to Housing Choice Voucher of the U.S.H.A. of 1937, as implemented in 24 CFR Part 982.

The goal of the Housing Choice Voucher Homeownership Program (HCVHP) for FY 2021 is to successfully assist an additional ten (10) more families to become first-time homebuyers.

The program is designed to assist voucher participants who meet certain income and work history requirements, with their transition from rental to homeownership.
