

THE PRINCE GEORGE'S COUNTY HEALTH DEPARTMENT

SAVE A LIFE

GET NALOXONE TRAINING

COVID-19 fear, stress, and isolation may lead to substance use and overdosing.

Beware! More drugs like PCP, cocaine, marijuana, heroin, illicit pills and others are being mixed with fentanyl, a very powerful and deadly opioid. Learn how to reverse an opioid overdose and save lives. Get **FREE** naloxone training on **ZOOM** from the Prince George's County Health Department and receive a free naloxone (Narcan) kit.

Appointments are available Monday - Friday
9:30 AM - 4:00 PM.
