

COVID-19 Operating Protocols

DPW&T is committed to supporting the County in its efforts to reduce risk and uphold safety while operating and providing services to County residents and local businesses. As such, our Department has adopted and will continue to maintain COVID-19 protocols as advised by the County's Department of Health and the Centers for Disease Control and Prevention (CDC).

Our Operating Status

Effective August 30, 2021, our department will continue to provide services throughout the County relative to transportation, roadway maintenance and traffic systems management, storm drain management, engineering and project management and administrative services.

All onsite visitor services are being provided by appointment only and/or thru virtual engagement. Those in need of services should continue to visit our website and utilize the associated links for additional assistance.
