SUBJECT: December 2002 Cycle of Amendments

PURPOSE: Announcing the acceptance of applications for the December 2002 Cycle of Amendments to the 2001 Water and Sewer Plan

The Department of Environmental Resources, Programs and Planning Division, Program Support Section, will begin accepting applications for the December 2002 Cycle of Amendments to the 2001 Water and Sewer Plan immediately. The application deadline for completed packages is December 2, 2002.

Applications, instructions, and the 2001 Water and Sewer Plan may be downloaded from the Prince George's County website at: www.goprincegeorges.com or by calling (301) 883-5834. Note that the application form changed in February 2002, so please make sure a current application is used and follow the instructions carefully to ensure the application is complete. An incomplete application may delay the processing of the request, including rejection from the requested cycle.

The Program Support Section invites you to submit application packages early for a preview by its staff. Early submissions will allow sufficient time for any needed adjustments prior to the December 2, 2002 deadline. For assistance in completing the application, please contact the Program Support Section at (301) 883-5834.
