

**ANNOUNCING THE PREEMPTION
AND DEFERRAL OF THE SEPTEMBER 2024
LEGISLATIVE CYCLE OF AMENDMENTS
TO THE 2018 WATER AND SEWER PLAN**

BULLETIN 2024-02

The Department of Permitting, Inspections and Enforcement (DPIE) is preempting the Legislative Cycle of Amendments for September 2024. This is due in part to an election year and the approved Council Calendar denoting the final days for receipt of legislative packages. It has been determined the deadline for agency reviews will not accommodate the September 2024 Cycle review timeline. Any application received with a payment for the September 2024 Cycle will be reviewed with the December 2024 Cycle, and the payment will be processed upon receipt.

The filing deadline for the Legislative Cycle of Amendments for projects requesting to advance from Category 5 to Category 4 in the December 2024 Cycle of Amendments will be **Monday, December 2, 2024**. Applicants are encouraged to submit packages prior to the filing deadline. The preemption of the September 2024 Legislative Cycle does not affect the administrative cycles that are available throughout the year, except for the months of August and December. The Administrative Cycle of Amendments are for projects eligible to advance from Category 4 to Category 3 and public use allocations (PUA). Plan 2018 application forms provided by DPIE are required for all plan amendments and other applicable processes that include final plat reviews and residential waivers. DPIE application forms and the current fee schedule may be found at:

[Water and Sewer Planning | Prince George's County \(princegeorgescountymd.gov\)](https://www.princegeorgescountymd.gov/water-and-sewer-planning)

Please take a moment to review the application forms, fee schedule and processes as they relate to your specific project. For further information on the 2018 Water and Sewer Plan and its components, please feel free to contact:
