The Budget in Brief provides an overview of the County’s approved fiscal plan for FY 2025. This document consists of highlights and summarized data of the operating budget, capital budget and six-year capital improvement program. This document can be used as a quick reference guide. More detailed information on the budget is available on the County’s website ([Budgets | Prince George's County, MD \(princegeorgescountymd.gov\)](https://www.princegeorgescountymd.gov/budgets)).

Prince George’s County operates on an annual budget cycle that begins on July 1st and ends on June 30th. The County Executive proposes an operating budget and six-year capital improvement program by March 15th of each year. The County Council must approve and adopt both budgets by June 1st of each year.

Operating Budget Overview

The FY 2025 approved budget reflects adherence to the County's strategic policy of building a stronger financial foundation as well as making critical investments as the County charts a path forward. This budget maintains the County's proven strategy of a prioritized focus on education, providing safe neighborhoods, economic development and improving the quality of life for County residents. Over the past year, the government has focused on reinvesting in government operations with these objectives as the foundation. The fiscal plan invests in improving the delivery of critical core government services despite lagging revenue growth and increasing fiscal obligations and pressures. The approved FY 2025 budget for all funds is \$5.5 billion, an increase of \$92.2 million or 1.7% over the FY 2024 budget.

Highlights of the FY 2025 budget include:

- The approved budget includes \$2.80 billion in funding for the Board of Education. The approved budget supports employee compensation negotiated commitments; continued support of universal pre-kindergarten; program continuation of Immersion, Special Education and Early Childhood Center expansions; as well as additional student-based budgeting resources at the school level.
- Funding is provided for various human services and public safety initiatives including:
 - Investments in the Police Department include resources for 100 new police officer recruits including signing bonuses as well as funding for two new crime scene investigator positions.
 - An increase in the authorized sworn staffing count for the Fire/EMS Department by 27 positions and support for 150 new recruits.
 - Thirty-six new recruits for sworn staff in the Department of Corrections including funding for signing bonuses.
 - Additional funding for interpreter fees to better serve all language-speakers for the Office of the State's Attorney.
 - A new Communications Specialist position to support the Health Department's marketing campaigns for health wellness and disease prevention and a Budget Management Analyst 3A that will serve as a program liaison for financial guidance.
 - Funding for the Crisis Stabilization Call Center for the Methadone Services program.
 - Access to intervention services for at-risk youth and families via the administration of disconnected youth, childhood hunger and home visiting programs.
 - Continued support for the Summer Youth Enrichment Program (SYEP) to ensure job opportunities for County youth.

Budget at a Glance – All Funds Summary

The approved FY 2025 budget for all funds is \$5.5 billion, an increase of \$92.2 million or 1.7% over the FY 2024 budget.

The General Fund budget accounts for approximately 83.4% of all spending and totals \$4.59 billion. This is an increase of \$75.0 million or 1.7% over the FY 2024 budget. The growth is primarily due to increases in outside aid for the Board of Education, property and income tax collections.

Special Revenue Funds account for the second largest share of spending in FY 2025, with spending totaling \$293.5 million or 6.6% over the FY 2024 budget. Special Revenue Funds include the Debt Service, Drug Enforcement and Education, Transportation Services Improvement, Economic Development Incentive, Fair Election and other agency-managed funds. This funding comprises 5.3% of the total FY 2025 budget.

Grant Program Funds comprise the third largest fund in the FY 2025 approved budget and totals \$279.8 million. Funding increases \$3.5 million or 1.3% over the FY 2024 budget. Grant funds reflect 5.1% of total FY 2025 spending.

Enterprise Funds account for the fourth largest share of spending in FY 2025, with spending totaling \$262.1 million or -2.7% under the FY 2024 budget. Enterprise funds include Solid Waste Management, Stormwater Management and Local Watershed Protection and Restoration funds. This fund accounts for 4.8% of total spending.

Internal Service Funds account for the remaining 1.4% of the budget. In FY 2025, the approved budget of this fund totals \$76.6 million. This is an increase of \$3.0 million or 4.0% over the FY 2024 budget.

General Fund Revenues

General Fund revenues in the FY 2025 approved budget are \$4.59 billion, an increase of \$75.0 million or 1.7% over the FY 2024 budget. The increase is primarily due to expected growth in property taxes, income taxes, other local taxes, use of money and property revenue, intergovernmental revenue and outside aid for the Board of Education. These increases are partially offset by a lower Income Disparity Grant, transfer and recordation taxes and a lower use of fund balance.

County-sourced revenues comprise \$2.60 billion or 56.6% of total General Fund revenues. This includes taxes, fees, licenses and permits, service charges, intergovernmental revenues, gaming receipts and other miscellaneous fees collected. These revenues are used to fund government programs and services. County-sourced revenues increase \$38.3 million or 1.5%.

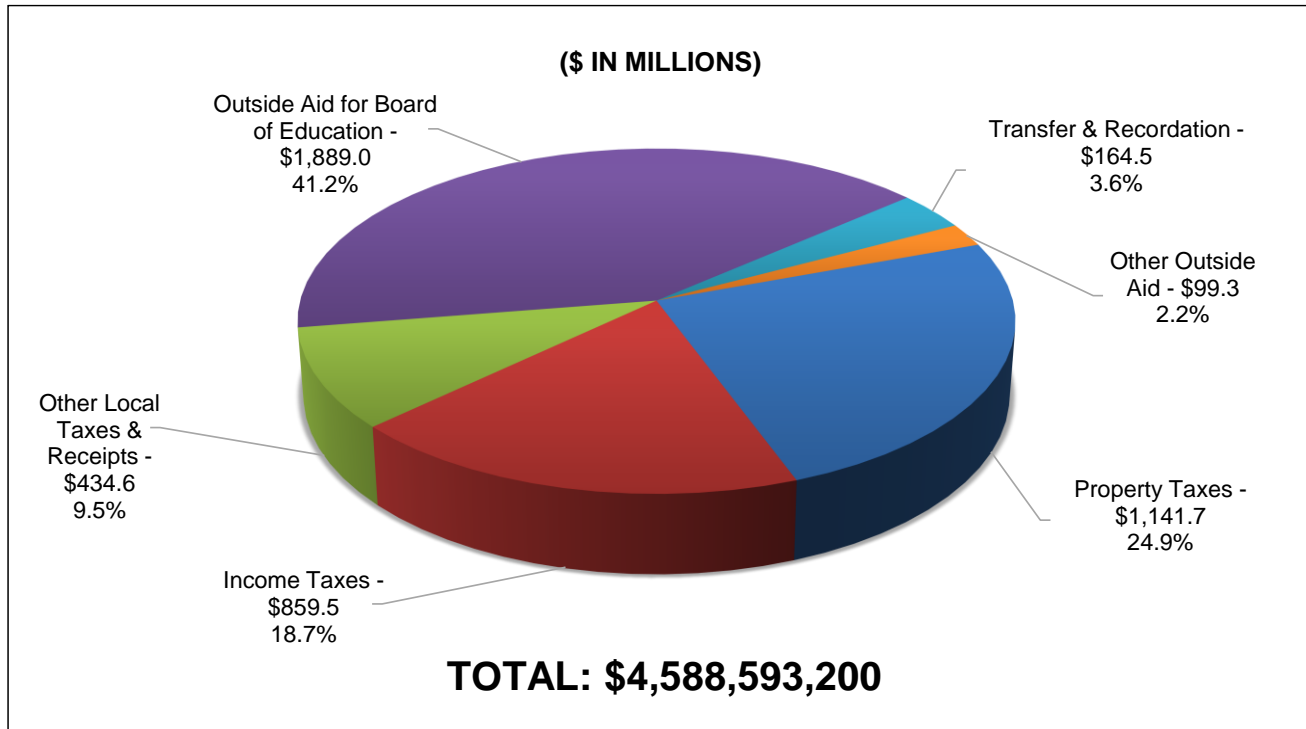

Outside sourced revenues account for \$1.99 billion or 43.4% of total General Fund revenues. These revenues increase \$36.7 million or 1.9% in FY 2025. This includes State Aid and other revenues (e.g., federal aid, fees, charges, tuition) generated by the Board of Education, Community College and Library.

The chart below details the growth in General Fund revenues from FY 2021 to FY 2025 and the following chart and table provides a more detailed breakdown of General Fund revenue sources.

Major General Fund revenue highlights include:

Property Taxes - \$1.14 billion

- Real Property Taxes (\$1.049 billion) – an increase of \$55.8 million or 5.6% over the FY 2024 budget primarily due to increased assessments less any adjustments made to factor in reductions such as the homestead tax credit, municipal tax differential and tax increment financing (TIF) revenues. Additionally, the projection factors in an anticipated \$12.3 million of revenues to be generated from MGM National Harbor.
- Personal Property Taxes (\$92.4 million) – an increase of \$3.2 million or 3.6% based on the assessable base compiled by the State Department of Assessments and Taxation. The projection includes anticipated revenue of \$0.9 million from MGM National Harbor.

Income Taxes - \$859.5 million

- Income Taxes (\$790.2 million) – an increase of \$13.0 million or 1.7% over the FY 2024 budget. After experiencing fluctuations in income tax revenue due to federal stimulus programs and capital gains revenue, it is expected that normal growth patterns will return. The FY 2025 approved budget is based on the pre-pandemic growth trend in net taxable income.
- Income Disparity Grant (\$69.3 million) – a decrease of -\$29.2 million or -29.7% below the FY 2024 level. This grant is provided to counties where the per capita local income tax revenue falls below 75% of the State average. Post-pandemic capital gains revenue caused a larger income disparity in tax year 2021. The FY 2025 approved budget is reflective of a return to normal income trends in tax year 2022.

Transfer and Recordation Taxes - \$164.5 million

- Transfer Taxes (\$122.5 million) – a decrease of -\$29.6 million or -19.5% in FY 2025. Interest rate increases adopted by the Federal Reserve Board to address inflation also had the effect of increasing mortgage rates. As a result, home sales have fallen over 30% compared to the recent peak in Calendar Year 2021. Low inventory has continued to push up the median home price to \$423,527 on average for Calendar Year 2023. The FY 2025 approved budget assumes that the Federal Reserve Board begins to reduce interest rates and that home sales begin to rebound. All transfer tax revenue is dedicated to the Board of Education.
- Recordation Taxes (\$42.0 million) – a decrease of -\$10.4 million or -19.9% below the FY 2024 budget level. This revenue source is subject to the same home sale trends affecting transfer taxes. County legislation passed in 2021 allocates the greater of \$10.0 million or 20% of the recordation tax to the Housing Investment Trust Fund. For FY 2025, this allocation is estimated at \$10.5 million.
- In calendar year 2023, the median home sales price increased by 5.8% to \$423,547. Higher mortgage interest rates caused the volume of home sales to decrease by -32.9% since calendar year 2021. The following chart shows the median home sales prices and volume from calendar year 2014 through 2023.

Prince George’s County Median Sales Price and Sales Volume

Source: Metropolitan Regional Information System

Energy Taxes - \$89.2 million

- Energy Taxes – an increase of \$0.9 million or 1.0% in FY 2025 based on higher rates which are developed using actual consumption. A portion of collections are dedicated to the Board of Education.
- State legislation enacted following the 2024 session of the Maryland General Assembly modified the dedication in FY 2025 so that it applies to the County contribution to the Board of Education and not above the amount required by State education aid formulas.

Telecommunications Taxes - \$14.0 million

- Telecommunications Taxes – increase by \$1.9 million, or 15.2% based on actual FY 2023 attainment. The sales tax revenue from this source is significantly lower than when it was originally adopted because of changes in the telecommunications industry (e.g., data plans, Internet calling, and pre-paid cards all reduce revenue to this source). However, the revenue level appears to have stabilized in the \$14 million range. Up to 10% of the proceeds support school renovation and systemic replacement projects, and the remaining 90% supports operating expenses of the Board of Education.
- State legislation passed by the Maryland General Assembly authorizes the County to impose an excise tax instead of a sales tax on telecommunications. The State mandated that the net proceeds of this tax be used only for expenditures of the County's school system. Like the energy tax, legislation was enacted to apply the proceeds of the telecommunications tax to the County share of its required contribution to the Board of Education and not above the required share.

Other Local Taxes - \$31.2 million

- Admissions and Amusement Taxes (\$15.0 million) –increase by \$3.3 million over FY 2024 based on year-to-date attainment that is on pace for this level of revenue. The approved budget includes \$1.8 million of anticipated revenue from the MGM National Harbor.
- Hotel-Motel Taxes (\$12.1 million) – an increase of \$2.8 million or 29.7% above the FY 2024 budget based on actual FY 2023 collections. The budget includes \$1.3 million which is anticipated to be generated from the hotels at the MGM National Harbor.

- Penalties and Interest on Property Taxes and Other (\$4.0 million) – increase by \$0.5 million or 14.3% based on actual FY 2023 attainment.

State Shared Taxes - \$10.9 million

- Highway User Revenues (\$10.4 million) – an increase of \$1.8 million or 20.5% over the FY 2024 budget. Chapter 240 of the Acts of Maryland of 2022 (HB 1187) increased the local share of transportation revenues from the State Transportation Trust Fund. Highway user revenues are restricted State monies and can be only used to construct or maintain roads, including the payment of debt service for road construction projects.
- Transfer Taxes on Corporate Assets (\$0.5 million) – a decrease of -\$0.5 million or -50.0% below FY 2024. The forecast was reduced to match actual FY 2023 attainment.

Licenses and Permits - \$79.3 million

- Licenses and Permits (\$45.9 million) – an increase of \$1.0 million or 2.2% above FY 2024. The growth is primarily in the area of building and grading permits based on FY 2023 actual revenue, offset by a reduction in liquor license revenue which was overstated in the FY 2024 budget.
- Gaming Revenues – (\$33.4 million) – the FY 2025 budget includes \$16.2 million of video lottery terminal (VLT) revenues and \$17.2 million of anticipated table game revenues generated from the tables at the MGM National Harbor. Gaming revenue is lower than prior years due in part to the introduction of sports wagering.

Use of Money and Property - \$37.2 million

- Interest Income (\$35.0 million) – interest income has increased because the Federal Reserve Board has raised rates 12 times since the spring of 2022. The approved budget assumes interest income in line with current year attainment.
- Property Rental (\$1.8 million) – the revenue projection is -30% below the FY 2024 budget however aligned to FY 2024 estimate and FY 2023 actual collections
- Commissions and Charges (\$0.5 million) – growth of \$0.2 million based on actual FY 2023 attainment.

Charges for Services - \$72.1 million

- Charges for Services – increase \$2.4 million or 3.5% in FY 2025. Growth is experienced in emergency transportation fees due in part to an approved fee increase as well as higher jury reimbursements based on the passage of State legislation. Corrections charges and cable franchise fees each decline in FY 2025. A one-cent increase in the monthly 9-1-1 fee was approved in CR-13-2024 to keep pace with actual expense.

Intergovernmental Revenues - \$52.3 million

- State (\$37.0 million) – an increase of \$4.5 million or 14.0% above the FY 2024 budget. The State's approved budget continues a discretionary enhancement of Police Aid grant funding, which boosts funding by \$3.9 million in FY 2025. A new grant of \$500,000 was included in the State budget based on Chapter 791 of the Acts of Maryland of 2023 (SB 156), which mandates \$500,000 a year for FY 2025-2028 to be used for the County

Reentry Employment Incentive Program. Recent State law changes to the Health Formula provided an increase of \$0.2 million to the County. A \$9.6 million State grant to partially offset the impact of teachers' pension costs is level funded.

- Federal (\$11.2 million) – The County is re-allocating \$10.2 million of federal American Rescue Plan Act funding to the General Fund in FY 2025. This is to ensure the funding is obligated before the December 31, 2024 deadline. Other federal grants increase slightly in line with actual FY 2023 attainment.
- Maryland-National Capital Park & Planning Commission (\$4.1 million) – The County's direct cost of collecting the property tax on behalf of the Commission was updated to reflect actual cost of collecting property taxes by the Office of Finance. This added \$540,100 to the revenue estimate.

Miscellaneous - \$8.4 million

- Fines and Forfeitures (\$7.0 million) – a decrease of -\$1.0 million or -12.5% below FY 2024. Most of this revenue source is from the red-light and automatic speed enforcement programs, which over the long-term has decreased as driver behavior has changed.
- Miscellaneous (\$1.4 million) – A decrease of -\$0.4 million or -23.7% based on estimated FY 2024 year collections.

Other Financing Sources - \$40.0 million

- The FY 2025 approved budget includes \$34.9 million from unassigned fund balance. Of this total, \$7.8 million is being applied to one-time purposes such as capital projects, which includes the strategic information technology initiatives in the Office of Information Technology CIP project (\$3 million). Another \$3.8 million represents debt service payments to support the University of Maryland Medical System which is scheduled to end in FY 2025. Additionally, \$1 million is allocated to support a local business bond fund, and there is a one-time \$50,000 reimbursement to the Arts and Humanities Council. The remaining \$20 million supports ongoing operating spending.
- The County is using \$5.1 million in assigned balance from FY 2023 to apply public safety and behavioral health surcharge revenue to debt service for a behavioral health project.

Outside Sources - \$1.99 billion

- Board of Education (\$1.89 billion) – an increase of \$32.0 million or 1.7% over the FY 2024 budget. State Aid increases \$66.4 million over the FY 2024 budget level. Federal sources decrease by -\$86.3 million below the FY 2024 level. Other revenues include the Board's own sources and use of fund balance.

Education

The strength of the education system in Prince George's County is anchored by the progress being made by our public schools, capped by our award-winning community college and tied together by the myriad of programs and learning opportunities of our library system. These three components continue to work together to set the foundation that is making Prince George's County more appealing to residents, visitors, and businesses. The FY 2025 Approved Budget invests \$3.0 billion in our collective education efforts, which is an increase of \$3.4 million or 0.1% over the FY 2024 budget. This funding accounts for 61.0% of total General Fund expenditures for the Board of Education (BOE), Community College and Library.

The FY 2025 approved budget includes \$2.8 billion in funding for the Prince George's County Public School System (PGCPS), a decrease of -\$1.2 million or -0.04% under the FY 2024 budget. The County's contribution totals \$909.8 million and represents a decrease of -\$33.2 million or -3.5% under the FY 2024 budget and meets the minimum local share required by the State.

In FY 2025, PGCPS will continue to implement its efforts through five strategic areas of focus which include (1) Academic Excellence, (2) High Performing Workforce, (3) Safe and Supportive Schools, (4) Family and Community Engagement, and (5) Organizational Effectiveness. Under these focus areas and in alignment with Kirwan Commission Policy Recommendations, the approved budget reflects employee compensation negotiated commitments, health insurance increases, pass through funding for P3/Alternative Construction Financing projects, continued support of universal pre-kindergarten, program continuation of Immersion Schools and other academic programs along with the reallocation of existing resources.

In FY 2025, funding supports various expenditure categories for mandated costs including employee compensation negotiated commitments; pass through funding for P3/Alternative Construction Financing projects; lease purchase agreements for buses and textbooks; continued support of universal pre-kindergarten; program continuation of Immersion, Special Education and Early Childhood Center expansions; instructional technology school based support; as well as additional student based budgeting resources at the school level.

The County will also make significant investments in several school construction projects with the FY 2025 capital budget totaling \$172.7 million. Funding is allocated for various projects including the Suitland High School Annex replacement, High Point High School, New Northern Adelphi Area High School, the Cool Springs Judith Hoyer Modernization project, stand-alone classrooms, as well as various major repair and systemic replacement projects.

Totals reflect spending for the Police Department, Fire/EMS Department (including the Volunteer Fire Commission), Office of Homeland Security, Office of the State’s Attorney, Office of the Sheriff, Department of Corrections and the Circuit Court. This chart excludes the Orphans’ Court.

Economic Development

The success of the County will be measured by its ability to grow the local economy. In 2012, the County launched the Economic Development Incentive (EDI) Fund with an investment of \$50.0 million in conditional and conventional loans to attract and retain businesses. To date, the County has awarded \$48.4 million in EDI funding for 67 projects. This investment has created 8,480 County jobs and retained 6,266. Cumulatively, the EDI funding has leveraged over \$1.4 billion dollars in total project investment in the County. The approved budget for FY 2025 includes \$9.0 million from the EDI fund to continue investments and economic growth in the County.

The FY 2025 budget continues to provide General Fund operating support for the County's economic development agencies totaling \$10.2 million for the Economic Development Corporation, Financial Services Corporation, Experience Prince George's, Employ Prince George's and the Arts and Humanities Council. Additionally, \$2 million is provided for two programs to support small and local businesses including the Local Business Assistance Program (\$1 million) and the Surety Bond Program (\$1 million).

The Department of Housing and Community Development (DHCD) will continue to implement various programs through the General Fund and Housing Investment Trust Fund (HITF) in FY 2025. The DHCD General Fund budget includes funding to support implementation of the comprehensive housing strategy affordable housing plan as well as the affordable housing public awareness campaign and monitoring dashboard. Grant resources will support the County's affordable housing production goals by funding new affordable multi-family rental projects through the HOME Investment Partnership program and the HITF. Additionally, the approved budget for the HITF includes \$28.1 million to support the Workforce Housing Gap Financing Program. The program enables the County to develop viable, mixed income communities of choice by providing gap financing for the development of decent and quality workforce housing for income eligible households.

The Redevelopment Authority's (RDA) capital budget supports the continued construction of the Glenarden Apartments and the Suitland Manor redevelopment projects. The Cheverly Development project receives \$12.5 million in State funding for the redevelopment of the former Prince George's Hospital Center. The RDA will also continue funding for community-based programs including the Commercial Revitalization program which will provide matching grants to revitalize older shopping centers.

The Department of Permitting, Inspections, and Enforcement will continue the implementation of the Permitting, Inspections, and Site Road modules to digitize processes and reduce the amount of time between residential and commercial permit application and issuance.

Quality of Life and Beautification

The County seeks to instill a sense of pride in all residents by developing an anti-littering campaign as part of the overall Beautification Initiative. This campaign supports enforcement, infrastructure, and policy changes. The Initiative promotes pride throughout the County and encourages residents, visitors and businesses to protect and preserve the environment. The

County remains dedicated to improving the quality of the environment and ensuring the sustainability of resources for future residents.

In FY 2025, the County continues its investment into various environmental programs to improve quality of life and support federal and State mandates. Funding for the Local Watershed Protection and Restoration, Stormwater and Solid Waste Management Enterprise Funds total a collective investment of \$262.1 million, a decrease of -\$7.3 million or -2.7% below the FY 2024 budget.

- The Solid Waste Management Fund totals \$125.2 million, a decrease of -\$10.3 million or -7.6% under the FY 2024 budget. Funding is provided to support the bulky trash collection program to address community concerns of illegal dumping and continuing our efforts toward keeping our County clean. The Clear the Curb Initiative offers County residents a free, wheeled trash, recycling, and organics cart to help ensure items are properly disposed. Prince George's County is providing faster and improved curbside bulky trash collection pickup that will allow residents to set out two items per week with their regular trash for pickup. The FY 2025 capital budget provides funding to implement federal and State mandates that address stormwater quality improvements. Resources are allocated for the replacement of critical equipment at the Brown Station Landfill.
- The Department of the Environment's Solid Waste Fund budget also includes funding for the purchase of additional Big Belly trash receptacles, composting, waste and recycling carts, high-definition cameras to combat illegal dumping and continued support for the anti-litter marketing campaign. This is all funding dedicated to improving the health of the environment and aesthetics of our communities.
- The Prince George's Clean Lots program has funding of \$1.8 million to address violations concerning high grass and weeds, as well as trash, debris and unlicensed, wrecked, dismantled or inoperable vehicles on vacant properties not located within an incorporated area (municipality). The goal of the program is to improve the appearance and health of County neighborhoods through various beautification and litter reduction program activities.

- The \$16.6 million approved General Fund budget for the Department of Public Works and Transportation (DPW&T) includes funding to provide operating enhancements for expanded Beautification Initiatives including litter removal collections, street sweeping, roadside mowing, and landscaping; the Clean Lots Program and snow removal services; the Vision Zero traffic safety initiative; and for TheBus transit services. Additionally, the budget allocates a new Administrative Specialist 2G position that directly supports the Office of Highway Maintenance and the purchase of electric buses.
- In FY 2025, the Stormwater Management Fund budget totals \$112.7 million, a decrease of -\$517,900 or -0.5% under the FY 2024 budget. This fund supports costs for a wide variety of beneficial water quality programs such as the plans, designs, and construction of flood protection and drainage improvements that are a severe threat to residential and habitual structures. Funding is also available to support the Climate Action Plan, beautification and litter reduction efforts and the National Pollutant Discharge Elimination System/Municipal Separate Storm Sewer System (NPDES/MS4) permit.
- The Capital Improvement Plan totals \$62.6 million for the Stormwater Management program; \$34.9 million of this is funding for the Flood Protection and Drainage program and \$8.0 million for Stormwater Structure Restoration and Construction.
- The Local Watershed Protection and Restoration Fund totals \$24.2 million, an increase of \$3.5 million or 17.0% over the FY 2024 budget. The Department of the Environment continues to use its model public-private partnership to meet the compliance mandates for retrofitting impervious surfaces. This fund supports the requirements to meet federal mandates for impervious area restoration through retrofit, stormwater controls and mandated rebate programs intended to improve water quality in the Chesapeake Bay.

Over the next two decades, the County will invest approximately \$1.1 billion to improve water quality for our communities. The Department of the Environment will lead this effort in conjunction with the Department of Public Works and Transportation.

Healthy Communities

Another hallmark of a nationally recognized thriving jurisdiction is a healthy community that provides excellent care for all its citizens and supports, protects, and uplifts its most vulnerable. The FY 2025 General Fund support for the health and human services agencies totals \$49.2 million, a decrease of -\$3.2 million or -6.2% under the FY 2024 budget.

Major highlights in the Health and Human Services agency budgets include:

Funding also supports the addition of one Budget Management Analyst, one Communication Specialist and six Environmental Health Aides. The Capital Improvement Plan total totals \$24.7 million, with \$12.2 million dedicated to the Regional Health and Human Services Center. This Center is expected to open in FY 2025.

Department of Family Services

- \$6.9 million in General Fund spending in FY 2025 is a decrease of -\$566,800 or -7.6% under the FY 2024 budget. Funding is provided for access to intervention programs and services for at-risk youth and families via the administration of disconnected youth, childhood hunger and home visiting programs. Funding totaling \$1.1 million is provided for reinforcing efforts to provide safe housing for survivors of domestic violence and human trafficking.

Department of Social Services

- \$10.0 million in General Fund spending in FY 2025 represents an increase of \$269,700 or 2.8% over the FY 2024 budget. Funding is available for the Warm Nights Shelter for day-to-day operations and resident services on a 24/7 basis. Funding continues for the Food Distribution Equity Coordinator, food pantries and farmers markets.

Non-Departmental

- \$4.4 million supports county service providers who assist individuals with developmental disabilities.
- \$8.1 million is allocated for grants to community organizations through various grant programs.

Youth Development

In FY 2025, the budget includes \$2.5 million for the Summer Youth Enrichment Program (SYEP). Summer jobs for youth ages 14-22 will be created. Funding includes the job readiness program which will enhance the work environment experience for young people.

High Performance Government

A high performing government is essential to ensure effective service delivery while meeting the needs of County residents. The FY 2025 Approved Budget includes funding to support the onboarding of sworn personnel, the maintenance of the County's enterprise systems and makes important changes to the physical footprint of the government. The funding for General Government agencies total \$126.4 million, and as a group experience a -\$2.0 million or a -1.6% decrease under the FY 2024 budget (outside of Internal Service Funds).

Highlights in the FY 2025 budget include:

- Resources are allocated to the Office of Community Relations to continue to support the 311 On the Go program customer service request system to ensure the County is responsive and supportive of its residents. Funding will be provided for operating contracts to support consulting services for PGC311.
- Funding continues for the Police Accountability Board (PAB) and Administrative Charging Committee (ACC) in FY 2025. Resources totaling \$1.3 million is provided to the ACC, while the PAB is allocated \$785,500 in funding to support the Administrative Hearing Board, legal services and staff support.
- The Office of Finance will add a new Administrative Assistant 3G to manage the Fair Election Fund and other County-mandated tax credits, grants and incentive programs.
- The Office of Information and Technology budget includes funding to help push automation forward within the County. CIP funds in the amount of \$3.0 million are available to support IT initiatives for County priorities.
- The Office of Human Resources has allocated \$1.6 million for Public Safety promotional exams and an additional \$546,100 for occupational medical services.
- The Board of Elections increases funding by \$1.4 million or 12.0% in FY 2025 to support the temporary staffing and operating supplies needed for the 2024 Presidential General Election.
- The Fair Election Fund totals \$400,000 as established by CB-99-2018.
- Funding continues to support the Office of Central Services for building maintenance and County agency services like graphics/reproduction, records management, courier services as well as the Land Acquisition and Real Property Division as it manages the County's real estate portfolio to support economic development efforts.
- Resources are provided to support the new Office of Procurement agency. Funding supports 39 positions in total including three new positions (Director, Associate Director and a Human Resources Analyst 4G) and 36 positions transferred from the Office of Central Services. The agency will focus on outreach to County-based businesses to provide current and prospective vendors with technical assistance as well as recruiting diverse businesses to the County.
