

Prince George's County Fire/EMS Department

Fire Service Abilities Assessment

Rehabilitation Form

It is normal to feel tired after the Fire Service Abilities Assessment. There are some signs that may indicate that the exertion is causing more serious problems. If any of the following signs or symptoms occur, you should call you physician or local emergency services.

- Nausea, vomiting, dizziness, or headache lasting more than a few hours
- Extreme weakness/fatigue
- Fever
- Confusion
- Generalized muscle aching lasting more than one day
- Dark urine or very little urine output
