| Dear | | | |

Enclosed is the application packet for Residential Rehabilitation Program (RRP) services. This application must be completed in its entirety with all pertinent information. If you and /or the person applying for RRP services were recently discharged from a hospital, please include the discharge summary and psychiatric evaluation.

Your application will be reviewed within five working days, and if appropriate, you will be placed on the RRP wait list. Applicant must have Maryland Medical Assistance (MA)/Medicaid, have a primary population diagnosis listed in the application and meet medical necessity criteria to be eligible for RRP services. If the application isn't filled out thoroughly and completely you will receive a denial letter and/or email stating what is needed or if eligible for services.

Applications on the wait list are based on the following priority (State hospitals and community referrals) in that order. The application is good for 12 months. At the end of 12 months, applicants must update their application. A letter will be mailed to the contact person listed on the application asking you to reapply if still interested in RRP services.

The Local Behavioral Health Authority (LBHA) has a wait list, and no individual has a numerical standing on the wait list. It is important to understand that the RRP provides rehabilitation services to individuals that require rehabilitation skills development; housing is secondary to behavioral health services provided.

If you need additional support services, or have any questions, please contact the LBHA at the number listed below for additional resources.

Respectfully,

Margueritte Parker Adult Coordinator

RESIDENTIAL REHABILITATION PROGRAM APPLICATION FORM INSTRUCTIONS

Residential Rehabilitation Program (RRP) provides housing and supportive services to single individuals. The goal of residential rehabilitation is to provide services that will support an individual to transition to independent housing of their choice. Residential Rehabilitation Programs provide staff support around areas of personal needs such as medication monitoring, independent living skills, symptom management, stress management, relapse prevention planning with linkages to employment, education and/or vocational services, crisis prevention and other services that will help with the individual's recovery.

Please see the enclosed Residential Rehabilitation Program (RRP) application.

- It is recommended that the mental health professional and/or mental health provider who works most closely with the applicant complete the application.
- Applicant must sign the RRP Consent for Release of Information Form.
- Medical Necessity Criteria must indicate why the applicant cannot function independently in the community with
 other mental health services. There are two levels of care for which an applicant may apply: Intensive or General.
 The application will not be reviewed by the Core Service Agency\Local Behavioral Health Authority if the Medical
 Necessity Criteria is incomplete or has not been met.
- Priority is given to <u>in-county residents</u>. If the applicant wishes to be referred to another county's RRP, **please state no** more than three (3) specific jurisdictions on the RRP Consent for Release of Information Form.

If the applicant needs a specialty service, please review the following grid to determine that service:

- This referral <u>does not guarantee</u> placement. RRP providers interview eligible applicants as vacancies occur (as directed by the Core Service Agency\Local Behavioral Health Authority).
- Questions regarding program vacancies should be directed to the Core Service Agency\Local Behavioral Health Authority.
- Please submit only pages 3-10 to the Core Service Agency\Local Behavioral Health Authority. Discard pages 1-2 and pages 11-12 (these pages are not necessary and are not required by the Core Service Agency\Local Behavioral Health Authority).

• The application must be sent to the Core Service Agency\Local Behavioral Health Authority of the applicant's home origin (based upon the applicant's current or last known address in the community prior to inpatient hospitalization, incarceration, residential crisis bed or current state of homelessness). The application can be mailed and/or faxed to the Core Service Agency\Local Behavioral Health Authority address (mail) or the Core Service Agency\Local Behavioral Health Authority fax number (fax). Please mark the envelope or fax cover sheet: Attn: Adult Services Coordinator or Residential Specialist.
