Prince George's County Interactive Snow Map

The Prince George's County Department of Public Works and Transportation Snowplow Tracking website is designed to display County roadways treatment status during a winter snow and ice event.

 [pgctracksnow.com](http://pgctracksnow.com)

Citizens can check on the progress of snowplows in their area.

Information is updated every 15 minutes.

Snowplows have designated icons so they are easy to track.

## PGCTrackSnow

The website gives County residents the ability to enter an address and/or their current location into the website to retrieve the status of their roadway.

Scan the QR code to check out the website!
